OBJECTIVE

An employment opportunity working with iOS mobile applications where I can apply my skills to make a difference in the community.

EDUCATION

Loyola University Chicago, IL
B.S. Software Engineering 2015
Cumulative GPA: 3.6

IOS DEVELOPMENT EXPERIENCE

Indie App Developer 2014 – Current

- Released 4 native iOS apps which accumulated about 2,000 total downloads.
 - Gained experience working with the following:
 - o **Core Data** - Developed a journal app that saves and persists journal entries.
 - o **JSON and REST APIs** - Developed a job finder app that pulls data from a public API.
 - o **Parse SDK** - Developed an app that allows users to connect and send images.
 - o **Local Notifications** - Developed a time management app that notifies a user at a certain time.
 - o **MapKit and Core Location** - Developed an app that tracks and maps the user's run.
 - o **iBeacons** - Developed an app that notifies the user when another user is in the vicinity.
 - Currently working on an app that will use Core Data, Local Notifications, MapKit, and a public API.
-

WORK EXPERIENCE

Asian Human Services - *Tutor/Mentor* 2014-2015
